

**REMARKS**

**SUPPLEMENTAL LITIGATION NOTICE**

A Supplemental Litigation Notice is filed herewith, pursuant to 37 C.F.R. 1.178(b).

**CONCURRENT IDS FILING**

An IDS is filed currently with this filing that includes some of the documents referenced in the Supplemental Litigation Notice.

**INTERVIEW SUMMARY FOR 10/825,440**

A telephonic interview was held between the undersigned and Examiner Patel on April 8, 2010, to discuss the correct form to be used for the supplemental declaration in order to meet the requirement of listing all amendments to the claims and the specification.

Examiner Patel confirmed that it was not necessary to submit copies of the previous amendments identified in the supplemental declaration. Examiner Patel subsequently sent an email to identify the correct format to use for the declaration.

**REJECTION UNDER 35 USC 251 AND RESPONSE:**

Claims 32-50, 60-68, 83 and 86 were rejected under 35 USC 251 as having a defective reissue oath/declaration. Examiner Patel indicated that reissue declaration must set forth the dates of all amendatory submissions which caused amendments to the claims and/or specification.

**To obviate this rejection, a further Supplemental Declaration signed by the inventors is attached that lists the amendments made to the claims and specification, and includes an error listing with a specific references to the claims and claim limitations. Accordingly, it is requested that the rejection be reconsidered and withdrawn.**

The examiner should be aware that the following co-pending patent applications disclosed in an IDS relate to similar kinds of products, although the claims are clearly patentably distinct. The most recent action for these applications is listed.
